NORTH ADA PATRONS CLUB HOLDS MEETING

The Patrons' Club of North Ada school met at the school building yesterday, Feb. 10.

Prof. Robison gave an outline of the plan for raising a fund for a central library. After a discussion of the subject by patrons and teachers a committee composed of Mrs. Hodges, Mrs. Duke and Prof. Floyd was appointed to meet the patrons from the other wards at Mr. Walters'

music store next Tuesday where the plan for a central library will be further discussed.

The raising of funds for beautifying and improving our school grounds was the next subject discussed and the club decided to have a box supper at the North school building on Saturday evening, Feb. 18.

Also, to give a series of afternoon teas at homes in different parts of the district. A fee of 10 cents will be charged.

Mrs. Barton will give the first of the series next Wednesday, Feb. 15. It is hoped all the ladies in the district will attend as the improvement

of play grounds is an important factor in the education of our children.

New Editor for State Tribune.
Victor E. Harlowe of Shawnee, it is understood, has taken the editorial management of former Gov. Haskell's New State Tribune, a political weekly of Oklahoma City. He has already assumed the duties of his new position. It is presumed that the change on the Tribune was due to Haskell's acquisition of another paper at McAlester.

W. B. Adair made a trip to Francis yesterday afternoon.

PROHIBITION BILL GETS JOLT

SENATE LAYS ASIDE PROPOSED MEASURE FOR THE PRESENT.

Oklahoma City, Feb. 10.—Following a decided setback administered to the prohibition bill through the decision of the senate to postpone its further consideration at this time, a filibuster was started by some of the friends of that bill against other pending legislation, and particularly the house bill by Marshall, the blind representative from Cimarron county, appropriating \$45,000 for the drilling of test wells for artesian water in the Panhandle counties.

A large majority of the senate was determined to put that bill through, practically as it stood, but was unable to get around the obstructive tactics employed by the other side, and get the bill through the committee of the whole and advanced to third reading until after 7 o'clock.

The senate refused to make the prohibition bill a special order for Saturday, or any succeeding day, and its action seems to indicate that considerable difficulty will be experienced in securing the passage of any kind of prohibition legislation at this session. In fact, the basis for the motion of Senator Echols to defer further consideration of the bill was that the law is good enough as it stands and does not need to be made any more stringent.

During the consideration of the prohibition bill the senate took time to strike out the section prohibiting the possession of liquor at a place of business or club, which occasioned so much debate on Tuesday. The consideration of the section was finished on that day, but no vote was taken on its adoption. The vote was taken when the bill was first called up Friday and the section failed of adoption, 11 to 16.

SPECIAL SERVICES AT METHODIST CHURCH TOMORROW

Throughout Oklahoma tomorrow will be observed by the Methodists as "Sunday School Day," in which it is planned to advance the great work of the Sunday school in the minds of the people. Everybody is invited to attend the Ada Sunday school at 9:45

a. m., when, in addition to the study of the regular lesson, Miss Rees will make a talk about the work of Dr. Hardee, whom the school is helping to support in Korea.

Rev. E. M. Sweet, Jr., the pastor, will preach two "story sermons," the one at 11 o'clock being the story of "A Young Business Man and His Bible," while the evening sermon, at 7:30, will be about "How a High School Girl Started Something with Her New Testament." The latter will be a sermon especially to young people, but will be none the less interesting to the older ones.

The Junior Epworth League will meet at 2:30 p. m. and the Senior League at 6:45 as usual, and a cordial welcome is promised to every one who can attend the day's services.

HOUSE NUMBERS

SOON TO ARRIVE

Mel Davis, who has the contract for numbering the houses of the city and for placing the street corner signs, has received notice that the signs have been shipped. They will be here in a few days and speedily put in place. When this is done about the last obstacle to free delivery will have been removed and in a very few months the town will be placed in the free delivery list.

Doubtful as to Jurisdiction.

Guthrie, Ok., Feb. 10.—Judge John H. Cotteral of the United States Circuit court is doubtful if he has jurisdiction to grant bond to men held for extradition to a foreign country, and until he is decided fully upon that point W. L. Chapman, Al Brown and L. C. Grimes must remain in the federal jail here.

Attorneys for the trio tonight presented some authorities to Judge Cotteral that he has such jurisdiction, but he must look up the entire matter for himself before deciding. He has announced, however, he will grant the bond if he determines he has jurisdiction. The attorneys for the United States will not resist bond.

UPHOLDS JIM CROW LAW

U. S. COURT DECIDES THAT OKLAHOMA LAW IS CONSTITUTIONAL.

St. Louis, Mo., Feb. 10.—The United States Circuit Court of Appeals in a decision handed down today upheld the constitutionality of the Jim Crow law of Oklahoma.

The opinion was written by Judge Adams and concurred in by Judge Hook, Judge Sanborn, presiding judge of court, dissented.

The law requires railroads to have separate cars for whites and negroes and also attendant accommodations separate, though equal.

Five Oklahoma negroes sued to enjoin the railroads from complying with the act of the legislature on the ground that it violated the fourteenth amendment and was in conflict with interstate commerce laws.

Judge Adams' opinion was emphatic. He said that the question was not even an open one and that discussion on it was foreclosed by an existing decision of the United States Supreme court holding that though the fourteenth amendment gave political equality to the negroes it was not intended to abolish distinctions based on color or to enforce social as distinguished from political equality.

Judge Sanborn, in dissension, holds that it is against the Fourteenth Amendment of the Constitution of the United States, that the law will deprive the negroes from the equal protection of the laws and that under the law the coaches and compartments provided for them may be so inconvenient and uncomfortable that no one would ride in them from preference. He expresses the belief that the decree of the lower court should be reversed, the demurrer overruled, and that the railroad companies should be required to answer the bill.

Production of Cement.

More cement was made and used in the United States in 1909 than in any preceding year, and the price per barrel was lower than ever before. The production in 1908 was 910,925 barrels, valued at \$44,477,652. The production in 1909 was 64,196,738 barrels, valued at \$51,232,979.

BAPTISTS WILL REMODEL CHURCH

FIRST BAPTIST CHURCH WILL BE MADE PRACTICALLY NEW AT COST OF \$5,000.

The Baptists of Ada are to build a new church, or what is the same thing, will remodel and enlarge the present building until it will be the same as a new one.

The house will be moved back some fifteen or twenty feet. It will be raised several feet higher so that there will be ample room for a basement. The two spaces on the north and south sides of the projecting wing will be converted into rooms, a large porch with concrete steps leading up to it placed in front and the porch supported by fine concrete pillars. The outside of the house will be ve-

neered with concrete and a new metal roof put on the building.

The basement will contain a kitchen, dining room, toilet rooms, furnace room and quarters for Sunday school classes. Taken all the way through the First Baptist church will be one of the best and most modern buildings in this part of the state.

These improvements will cost in the neighborhood of \$5,000. Mr. G. Miller, who arrived from San Angelo, Tex., yesterday will be in charge of the work. As he is a man with an experience of twenty or thirty years in this line of work, the Baptists consider themselves fortunate in securing his services.

This morning Deputy R. E. Duncan came in from Sasakwa with Charley Factor, an Indian, who is said to have tried to jump his bond in a case in which he is accused of the theft of a horse. He was placed in jail until further orders.

Miss Pearl Fain of Ahloso, was an Ada visitor this afternoon.

JAMES E. WEBB FOR CITY ATTORNEY

Jas. E. Webb authorizes the News to announce his candidacy for reelection to the office of City Attorney, subject to the Democratic primary of March 21.

Mr. Webb took charge of the office two years ago at a time when a great deal of responsibility rested upon the judgment of the city attorney. The city was just entering upon its era of public improvements and that alone required much labor and care, to say nothing of what he had to do in representing the interests of the city in the police court. Mr. Webb has given much time and attention to the subject of municipal law during his term of office and better qualified than ever to give the city able service as city attorney.

CHARLES A. POWERS FOR POLICE JUDGE

In this issue of the News will be found the announcement of Judge C. A. Powers for re-election to the office of Police Judge, subject to the action of the Democratic primary March 21.

Even before he was elected to this office Judge Powers was one of the best known men in Ada, having been a pioneer of the city. He was first elected to the office three years ago, and the citizens of Ada showed their appreciation of his work and their confidence in his ability and fairness of his decisions by electing him to a second term two years ago. He invites a close examination of his decisions and record as an officer, confident that this will convince any fair minded person that he has made good.

Patti in her prime was never able

quisite loveliness as the raindrops
pattering on the roof last night.

"Adams-Tucker" is the caption
over a wedding notice in a Kansas
City paper. Well, somebody was ex-
pected to take her.—Fort Worth Rec-
ord.

Now that the rains have begun it
is a fine time to put out shade trees.
Well shaded streets add so much to
the beauty of a town that the value
must be reckoned in thousands of
dollars.

Gardening will now be the order of
the day. Seed, hoes and rakes will be
in demand. While we are on the sub-
ject we might suggest that every man
with a heart in him will buy light
hoes and rakes, such as will not hurt
his wife to handle. We believe in
the principles of mercy and human-
ity.

THERE ARE STILL SOME UNER- TAINTIES. OF COURSE!

If you knew that by ten inser-
tions of a one-inch ad you could
positively sell your property at a
fixed price, you'd pay a high ad-
vertising rate for those ten inser-
tions—wouldn't you?

It is not such a certainty as that,
of course! But, so far as any-
thing can be certain, you may be
sure that a reasonable amount
of advertising will sell your
property—and that the final cost
of advertising will be so small as
to seem trivial.

Either the negro race in Oklahoma
is dying out or else the officers charg-
ed with the collection of vital statis-
tics are extremely negligent. The
report for December shows 48 births
and 73 deaths in the state among the
negroes.

We are in favor of Mr. Taft making
a reciprocity arrangement with some
country which is a large exporter of
moisture. Rain should be placed on
the free list even if it brings our
home producers in competition with
the pauper weather-makers of the
whole heathen world.—Chickasha Ex-
press.

Fred Warren, editor of the Appeal
to Reason, is determined to break in-
to jail at all hazards. He swears that
he will never pay the \$100 of the fine
remaining after Taft remitted the re-
mainder of his sentence. Meanwhile
his deluded followers are busy can-
vassing for his paper and swelling
his profit.

When one contemplates the stacks
of canned goods on the shelves of the
local grocers and considers the fact
that every can in the lot was im-
ported from some other state, and
then reflects on the possibilities of
Oklahoma as a fruit growing section,
he does not wonder that we so often
hear the cry of hard times. Instead
of sending the money to other states
and paying a big freight bill on the
stuff, why not prepare to can it right
here at home? The same thing might
be said of many other articles of ev-
ery day consumption for which we
send out an immense sum every
year.

A GOOD SUGGESTION.

The 89-ers want April 22 made a
legal holiday. Wouldn't it be easier
for the legislature to set apart a
few days in the year that will not
be holidays?—McAlester News-Cap-
ital.

Good idea, truly. This holiday busi-
ness is being overdone. We are in-
clined to believe that people would
feel little more joyful and appre-
ciate the great achievements of their
ancestors to a greater degree if they
were not put to the annoyance of
having the postoffice and banks closed
every few days. The fact that hol-
idays are such common occurrences
tends to take away much of their
meaning and impressiveness.

SOCIALISTIC FINANCEERING.

Fred C. Bogk is a republican alder-
man in the city of Milwaukee. He de-
clares that the socialist rule of that
city is a financial failure.

The city pay rolls have been in-
creased \$118,598 during the first six
months.

The new garbage incinerator cost
\$27,000 more than under the old
management.

The socialistic administration has
borrowed the sum of \$1,130,000 from
the banks.

The city has spent \$390,000 in park
lands, when the previous year's li-
ability was only \$80,000.

He says:

"It was hoped that this new-born
child of virtue would lead us into
better paths, but ambition and greed
are its friends and companions. It
has been shown that it gets its fol-
lowers softly cushioned seats with
salaries attached which they never
dreamed of earning when engaged on
their merits, and certainly it has
succeeded well in this direction and
in spending the money of the tax-
payers. With a few exceptions, men
lacking in experience, if not grossly
incompetent, are now occupying
responsible positions, yet they do not
seem to stop there, but seek con-
stantly to make more increases in
salaries and experiments in new ven-
tures."

Don't Cry, Little Girl.

Don't cry, little girl, don't cry!
They have taken the puffs away;
But the coming fad will be just as
bad,
Or worse than we have today.

Don't cry, little girl, don't cry!
They are shelving the "hobble" I
know;
But the next generation of Paris crea-
tions
Will give you much more to show.

Don't cry, little girl, don't cry!
Pale hues are a great relief;
Just cheer up and wait for the spring
fashion plates—
You can deck like an Indian chief.

Don't cry, little girl, don't cry!
He's a trifle too tame, that's true;
But you know as we know, a trip out
to Reno,
Will get you a hubby brand new.

MY DOCTOR MIGHTY FINE

Mrs. Hattie Cain of Carrsville
Thinks all the More of Her
Doctor Since He Advised
Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes
Mrs. Hattie Cain, "who advised me to
take Cardui, for my troubles, is a mighty
fine doctor, and I say God bless Cardui
and the people who make it."

"Before I took Cardui, I suffered with
female troubles for sixteen years. I
would have to send for a doctor every
three months, and oh! how dreadfully I
suffered!

"I would cramp and have convulsions
and it looked like I would die. At last I
took Cardui and oh! what a surprise! I
found it was the medicine for me!

"From the first bottle, I began to mend
and now I am well, can do more work,
can walk and go where I please and
don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to
health. It has been doing this for over
50 years. It is not a laxative, or a heart
or kidney medicine—it is a woman's
medicine.

If you are a woman, try it.

One of the most delightful social
gatherings of the week was the
tack and masquerade party given by
the Beard Bible class last Thurs-
day night at the home of Mr. and
Mrs. Frank Chambers on West 13th
street.

Some of the costumes were very
unique and amusing. Some of the char-
acters, certainly played their part so
well that very few were able to pene-
trate their disguise. The costumes of
Mr. and Mrs. R. O. Wheeler, Mr.
Frank White, Miss Nell Rees, Mr. and
Mrs. Frank Chambers, Miss Ray and
Mrs. Femten are worthy of special
mention.

to the pleasure of the afternoon. In
the dining room Mrs. Herbert Dell

gracefully poured tea and coffee
which were served by Misses Helen

Luella Toms. The house through out
was prettily decorated with red

It Does Pay to Know The Stores!

So great a part of every income is spent in
stores, that it would seem that, next to "man-
kind," "the proper study of mankind is—
stores!"

To the readers of the ads, the stores take
on individual characters—they become fami-
liar—they come to be UNDERSTOOD. The
value-giving "habits" of each store—and
the service rendered by each—are known,
and rightly valued.

The ad-reader knows an exaggerated state-
ment by an educated instinct; and an ad that
comes even to the borderland of misrepresen-
tation is a species of store-suicide.

Every merchant appreciates the NECESSI-
TY of "making good" every advertised price
concession—as well as the further NECESSI-
TY of making price concessions that are real
enough and notable enough to make the
store's advertising WORTH answering!

Thus the readers of ads keep in touch with
ALL buying opportunities in the store of the
city that make for economy in the home ex-
penses—and, thus to "know the stores"
DOES PAY!

SOROSIS NOTES.

Such an interesting session of the
Literature department of Sorosis was
held at the home of Mrs. McKeel on
Saturday afternoon.

The program follows:
Response—Lines of Celia.
Lesson, Act II, Scene 7; Act III,
Scene 1, from the play, "As you Like
It." Leader, Mrs. Lucas.

This lesson was probably the hard-
est one in the play, but having such
an able leader in Mrs. Lucas, who
brought out, each and every point,
and all members taking an active part
in the discussion made the meeting,
one to be remembered, and the lesson
itself was very interesting. The say-
ings of the Fool, the wise Philosophy
of Jaques, the tender regard, that Or-
lando has for Adam, and again, the
hospitality of the banished Duke when
he learns of their distress. Also the
stern command of Duke Frederick in
regard to Oliver.

On tomorrow afternoon Feb. 7 with
Mrs. McKeel, will be the general
meeting of all departments of the
club, and all members are requested
to be present. This will be a busi-
ness session.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Appeals Growing Fewer.

Judge Furman stated to the reporter of the News this morning that his court decided seventy-one cases in January. He has done some very hard work since his first appointment to his present position, and as a consequence has not yet fully recovered from his breakdown. He says that the work of the court will not be so arduous hereafter, as it has set many precedents that settle a great number of cases without being appealed. As an evidence of this fact, he states that instead of sixty cases being appealed in January as had been the case in some previous months in the early history of the court, only nineteen came up from the lower courts.

Oklahoma Professors to Chicago University.

Dr. H. H. Lane, Professor of Biology in the University of Oklahoma, has for the third successive year been extended an invitation to teach in Chicago University during the summer session. He announces that he will likely accept. But a few weeks ago Dean Monnet of the University of Oklahoma Law School was asked to occupy the chair of Mortgages at the Windy City educational institution next summer. Chicago University has a twelve months term but during the summer the regular members of the faculty usually take a vacation and able men are called to fill their places from other universities. These high honors usually go to Harvard, Yale, Columbia and others of the larger schools. Oklahoma is complimented in having two of her faculty so chosen by one of the greatest universities in the United States.

HANDICAPPED

This is the Case With Many Ada People.

Too many Ada citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys. Can you doubt Ada evidence?

E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

Tax Extension Bill Is Dead.
The tax extension bill, which was once sent to the governor but was withdrawn because of objection to its constitutionality, raised by the attorney general, and has been the subject of two conferences between the two houses since that time, was killed finally by the senate Friday afternoon.

The matter came up on the second conference report, which were extended the time for delinquent taxes from January 1 to February 1, with the further proviso that in no case should the penalty be attached until thirty days after the tax books had been received by the county treasurer. The conference report was adopted 19 to 15, but on the roll call on the bill as amended the vote stood 18 to 16, falling five short of the required majority.

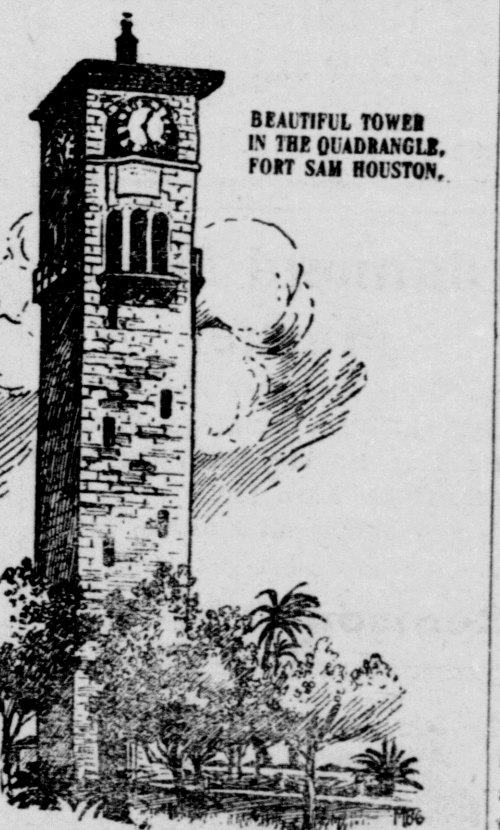

The senate judiciary committee reported favorably on the Thompson bill, giving the attorney general authority to bring suit in the name of the state without specific instructions from the governor. Favorable report was also made in the senate on the county assessor bill.

A message was received from the governor announcing that he had signed the Smith bill, authorizing county commissioners to spend county funds for the purchase of poor farms.

The Military Atmosphere of San Antonio

gives zest and picturesqueness to the life in this delightful winter resort. Fort Sam Houston, in the suburbs, is the largest military post in the South; besides, a beauty spot with a wealth of historical associations.

But it is the climate that is by far the most attractive feature of San Antonio. The invigorating air, dry and warm, the altitude and the splendid natural drainage, all combine to make a perfect combination of sunny winter weather.

"In Sunny San Antonio"—my new booklet—will give you an entirely new idea of the attractiveness of this delightful winter resort. Send for it today—it's free.

County Atty. Stops Jeffries-Johnson Pictures.

Wewoka, Ok., Feb. 10.—County Attorney Pryor was ready to serve an injunction on the managers of the moving picture show if they had not given him their assurance that the Jeffries-Johnson contest would not be put on last Friday night. It was feared by the local authorities that if this moving picture was put on that it would cause a riot between the whites and blacks, conditions being such that a mere spark and a little fire water might cause a race war. It was not put on.

Brakeman Saves Baby.

Denton, Tex., Feb. 10.—A narrow escape from death of an 18-months-old child occurred north of here yesterday, when a Texas Pacific brakeman, A. T. Newell, snatched from in front of a moving train the little daughter of Sam Easery. The train was moving twenty miles an hour, when the child was seen playing in the middle of the track, too close for the locomotive to be stopped. Instantly the brakeman climbed from the cab to the pilot of the engine and pushed the child off the track as the engine sped by. The child was uninjured.

C. Wharry of Enid arrived last evening for a visit to the family of his brother-in-law, Judge J. E. Grigsby. He and the Judge had not seen each other for seventeen years.
